

## Don't Blame the Hens

Now this is YOUR fault. Don't blame the hen. She is a natural egg-machine whose desire, whose every inclination is to lay. Furnish proper food and surroundings and she will lay just as readily in August and September as in November or December.

We can not make favorable surroundings. YOU must attend to that. But we can, AND DO, with LEE'S EGG MAKER, provide the requisite so far as food is concerned. The basis of our poultry food is granulated blood (deodorized), one pound of which is equal to 16 pounds of fresh beef. It is essentially a food for winter egg-production, supplying better than anything else the requisites for the formation of egg and shell.

You can coax, drive, and "hopper feed" until doomsday, but that won't make hens lay unless food and surroundings are RIGHT.

## KODAK FILMS IN TIN TUBES

Experience has proven to us that films in tin tubes will stand the Hawaiian climate better than when packed in pasteboard boxes.

So, to give our customers the very best service, we will hereafter handle all spool films in tin tubes hermetically sealed so as to exclude all air and moisture. The tin tubes cost us more, but we will sell the films at the same old prices.

## STANDING OF LEAGUE

	P.	W.	L.	Pct.
Saints	8	6	2	.750
Kams	8	5	3	.625
Diamonds	8	4	4	.500
Puns	8	1	7	.125

It will be seen by this standing that the Kams must win and the Saints lose before the latter team can lose the championship.

Saturday's games will be the last of the schedule and perhaps the last of the regular season. It looks to be a sure victory for the St. Louis team as the Diamonds are in bad shape, still baseball is uncertain and it will be remembered that the Diamonds played the Saints a hard game Saturday last.

KAMEHAMEHA VS. PUNAHOU

SAINT LOUIS VS. DIAMOND HEADS

FOUR GOOD TEAMS!  
TWO GOOD GAMES!

Derriek treated Carlisle fairly. Los Angeles' outfielder had no kick. The balls that Derriek called strikes cut the plate. It was also noted that Barney beat Carlisle pulling away from the plate, which is something he don't do when facing a right-handed artist. Any time a pitcher has a batter shying away from the plate he has him strictly on his staff. Carlisle is the hardest hitter in the Pacific Coast League.

Too bad Danny Long can't pitch big Barney every day. If the big Hawaiian could pitch the same bread of ball that he has served the last two times out, he would soon have the Seals leading the race for the pennant. It was so easy for Barney yesterday that he did not seem to exert himself in the least. Six hits were all that we gathered off his delivery, while seven men fanned the air. Barney was accordingly good support, and as for the hitting of the home team, well, in the last three games that has improved to such an extent that the bleacher boys are filled with amazement.—Exchange.

## BERKELEY FOOTBALL

Berkeley, August 8.—The lads who sport the Blue and Gold are feeling especially jubilant just now over the prospects of the football season. Trainers and athletes and the rank and file of the rah-rah boys who put the coin that makes the long and expensive training season possible are beginning to gather again on the campus. The experts and the prognosticators are returning from their vacations and are getting ready for the fall sport season. The "getting ready" includes the "doping" of the season's prospects and from the looks of the preliminary dope sheet for 1907 California does not lose anything in comparison with the prospects of the old-time Blue and Gold rivals—Dr. Jordan's men down Palo Alto way.

## THE PRIZE RING

It seems they never get tired telling stories on Tom Sharkey, and, while some of them are fiction, many are true. When he was training at New York for one of his fights, he pulled a funny one in the presence of the writer. The camp-loungers had been joking him about the big profits Jim Corbett was making with his Broadway Emporium. Tom was jealous of the ex-bank clerk and stood it as long as he could. Finally, he cut in and said: "That's all right about Corbett. All he has is a retail saloon. I am going to open a big place on Broadway, but it will be a wholesale place, and I intend to import my own wines from California." Another day, while sitting on the porch, the talk drifted to crookedness in the ring and to what fighters had laid down for a consideration. Just for a joke one of the crowd asked the able-seaman if he ever had been tempted to do the carpet-laying act. "Not on your life," answered Tom, excitedly. "I've had chances to do it and could have made a lot of money had I agreed to do so. Do you know what? Sooner than lay down, I cut off my head; both of my arms and legs and go around begging." A big laugh followed and he didn't seem to quite understand it.

The August fight will be between heavyweights Mike Schreck and Al Kaufmann. Alec Greggains has been promised the permit and is now trying to close a deal that will bring these two big fellows together. He got into communication with the Eastern boxer by wire and his manager, Billy Hogan, clicked off a message yesterday which showed how Schreck felt on the matter. He instructed Alec to hustle transportation and informed him that the date and terms were satisfactory to his meal ticket. Bill De-laney has accepted on behalf of Kaufmann.

It is a well-known fact that Willis Britt was very much opposed to Gans fighting Memsic so shortly before the proposed September battle with Jimmy, as he feared that the colored champion might suffer an injury to his hands which would prevent him carrying out his agreement with James Edward. This would have been bad business from a financial standpoint. Thirty-five-thousand-dollar purses don't bloom very often. They are in the nature of century plants—and blossom forth every hundred years. By the time that the next century has rolled by Gans and Britt would not be thinking of settling the lightweight championship question.

## GANS-MEMSIC FIGHT OFF

The calling off of the Gans-Memsic fight has caused much gossip in local fight circles, but when it was ascertained that Memsic weighed close to 150 pounds it was the general opinion that it was lucky for the fight game in the south that the match was called off in time to prevent another Nelson-

## MILLET TO BOX

The first boxing show that the Redwood City Athletic Club will pull off will be between Battling Johnson and Joe Millet. The latter is one of the best heavies in the local colony, while Millet is an old stager, who was quite prominent in the ring not so many years ago. The bout will be of fifteen rounds duration and is billed for August 23. Two four-round preliminaries will also be staged.

The American League race has developed into a three-club affair. Detroit is leading right now by a few points, but Chicago and Philadelphia are knocking at the door and tied for second place. The Athletics have come to the front with a rush and they have a royal chance to cop the bag. They made Detroit take the field stakes with Sir Archibald.

count yesterday, which improved their position. Only a couple of more walk-ups like this one and Connie Mack's men will be setting the pace. For some reason the wisecracks don't think Chicago, though it has a fine position in the race, has much of a chance of repeating its success of last year. Comiskey is lacking in hitters and the other clubs have a few, especially Detroit, which plays Cobb and Crawford, two .300 swingers. At one time Cleveland figures the one best bet, but just when the Naps got real dangerous they are shot all to pieces. Laporte breaks down, Bradley goes wrong and Flick deserts, which disrupts the club.

## THE TURF

Saratoga, Aug. 8.—"Boots" Durnell caused astonishment yesterday by announcing that on August 16 he would sell at public auction his entire stable, including eleven yearlings he bought this year. Immediately after the sale he says he will go to England and remain there a year or longer. He probably will meet John W. Gates abroad. Gates has been regarded as the financial backer of the Durnell stable. When Gates, who won a big pile on the races this year, sailed for Europe lately he deposited \$40,000 with one of his commissioners, with instructions to wager it under Durnell's directions. The first bet of \$15,000 was lost, and the rest of the money soon passed to the bookmakers. Then came a cable gram, which is supposed to have something to do with the sale of the stable.

Another American jockey is doing great work in the saddle in England. Lucien Lyne, who rode for Enoch Wishard here, captured the Chesterfield Stakes with Sir Archibald.
